Title:

How To Bring the Life Participation Approach into Your Language Therapy

Learner outcomes:

At the conclusion of this presentation, the participant will be able to:

Describe 2 tools you could include in your Assessment to promote a life participation approach.

Name 5 categories that could be looked at to develop personally-relevant stimuli in language therapy.

Describe the 4 parts of LPAA that can be improved with evidence-based interventions to influence participation.

Presenters: Sarah Baar, MA, CCC-SLP

Bio: Sarah Baar, MA, CCC-SLP: Sarah is a speech-language pathologist working in Grand Rapids, MI. She's opportunity to work in many settings across the continuum including acute care, acute rehab, home & and outpatient therapy, as well as being involved in various leadership projects. In 2016, she started Honeycomb Speech Therapy website and blog as a way to promote person-centered and functional ideas for adult rehab. Those who have attended her speaking events enjoy her practical approach and tips everyday SLP can implement for a functional therapy approach.
