

Rock Creek Teletherapy has openings for Speech Language Pathologists! We are a Billings based practice with options for hybrid therapy (telepractice with in person options).

Why we are different:

- We are a therapist focused practice- therapists needs come first.
- One on one relationship provides greater understanding of your unique needs.
- Personalized attention. Training, mentoring, access to online speech assessments, hundreds of tele-activities provided, on an award-winning platform.
- Competitive pay.
- Therapist owned company that offers better flexibility for the days and hours that work for you!

Responsibilities include, but are not limited to:

- Assess and treat students with speech, language, voice and fluency disorders.
- Participate in team meetings for the identification of students with disabilities and the development of IEPs and implement provisions of IEPs accommodations for students.
- Develop and maintain a positive and professional working relationship with staff, administration, students and parents along with maintaining confidentiality of information.
- Administer and evaluate hearing and speech/language tests or examinations to students along with developing and implementing treatment plans for problems.

Overall qualifications include:

- Prefer a minimum of one-two years of school-based experience. Will consider experience with school, graduate placements.

- Understanding of Special Education, including processes, programs/services, legal requirements, and fostering the development of student growth through effective practices.
- Demonstrated outstanding organizational and communication skills.
- Master's degree in communication Disorders and ASHA Certificate of Clinical Competence.
